About

With satori 3D Dashboard you get
- Information and data overlaid on a digital twin
- Enhanced situational awareness
- Deeper empirical understanding
- Intuitive insights
- Immersive experiences

The Satori 3D Dashboard is available for web, mobile and PC platforms

Challenges

Printed & excel dashboard data

- Not engaging
- Not interactive.
- Its very tedious to find the required data
- No touch and feel.
- Needs a learning curve to understand and interpret the data

Attention and Immersiveness

- Generic dashboards cannot hold the viewers attention
- Information overload
- Tabular formats have too much numbers and text
- Visualization is difficult
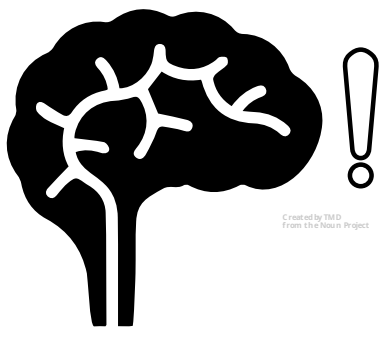

Data searching and Filtering

- Takes a lot of time to arrive at required data
